

Sedia con monoscocca in polipropilene stampata a iniezione. Versioni imbottite con controscocca in polipropilene e imbottitura in poliuretano espanso. Telai fissi in polipropilene rinforzato con fibra di vetro o in acciaio con carter in polipropilene. Telai girevoli in polipropilene, alluminio o in acciaio con piedini terminali snodati ed orientabili in nylon o acciaio, oppure con ruote piroettanti. Versioni con base a 5-razze in polipropilene o alluminio con ruote piroettanti.

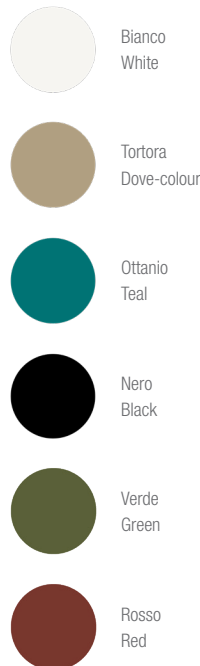

Chair with polypropylene injection molded monocoque shell. Upholstered versions with polypropylene inside shell and padding made of expanded polyurethane. Fixed frames in fiberglass reinforced polypropylene or in steel with polypropylene cover. Swivel polypropylene, aluminium or steel frames, either with articulated and adjustable nylon or steel feet or with swivel castors. Versions with polypropylene or aluminium 5-star base on swivel castors.

Chaise avec monocoque en polypropylène moulé par injection. Versions rembourrées avec contre-coque en polypropylène et rembourrage en mousse de polyuréthane. Châssis fixes en polypropylène renforcé de fibre de verre ou en acier avec coque sous assise en polypropylène. Piétements pivotants en polypropylène, aluminium ou acier avec patins articulés et pivotants en nylon ou en acier, ou avec roulettes pivotantes. Versions avec piétement à 5 branches en polypropylène ou en aluminium avec roulettes pivotantes.

Stuhl mit Monoschale aus spritzgegossenem Polypropylen. Gepolsterte Ausführungen mit Schale aus Polypropylen und Polsterung aus Polyurethanschaum. Festes Gestell aus glasfaserverstärktem Polypropylen oder Stahl mit Stapelschutz aus Polypropylen. Drehbares Gestell aus Polypropylen, Aluminium oder Stahl mit Gelenkgleitern aus Nylon oder Stahl, oder auf Doppellenkrollen. Ausführungen mit 5-Speichen-Fuß aus Polypropylen oder Aluminium auf Doppellenkrollen.

Silla con carcasa de polipropileno moldeado por inyección. Versiones acolchadas con contracarcasa de polipropileno y acolchado de espuma de poliuretano. Estructuras fijas de polipropileno reforzado con fibra de vidrio o de acero con carcasa de polipropileno. Estructuras giratorias en polipropileno, aluminio o acero con pies terminales articulados y regulables en nylon o acero, o con ruedas giratorias. Versiones con base de 5 radios en polipropileno o aluminio con ruedas giratorias.
